The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may from time to time be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

Standards of Practice

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain: to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

THE POLITICIAN AND CAMPAIGN COMMITTEE taking every item having reference to their party.

AUTHORS AND WRITERS who name the subject they desire thoroughly covered and are at once in possession of a vast fund of information gathered from all over the world; also watching all reviews of their works.

CONTRACTORS AND ENGINEERS who wish to get those advance news items which connect them with the big contract.

THE TRADE AND CLASS PUBLICATIONS which take all trade notes and trade changes.

By advising us of the subjects of articles which, if supplied to you, would be of service to you, we will mail definite quotation by return.

50,000 Letters in a Day

Have gone out of our addressing and mailing department. A large portion of these were written by our copy staff according to plans and campaigns prepared by our counsel department, multi-graphed in our printing department, and finally addressed folded, enclosed, sealed, stamped and mailed in those departments of our service for those purposes.

This is an example of what we mean by a complete under-one-roof service,—from the idea to increased profits.

Why not let us help you towards more profits too? Write us and ask for details.

SHORTHAND SCHOOLS

HENRY'S SHORTHAND SCHOOL

D. E. HENRY, Pres.

209 SPARKS ST.,
Ottawa, Ont.

The dominant position, held by HENRY'S SHORTHAND SCHOOL, is due not to the success of an individual, such as a very bright student or a student enrolled for special instruction for a few weeks, but to the success of our entire student body.

This is particularly attested by business men who have had the opportunity of comparing graduates from HENRY'S SCHOOL with those from other schools. "HENRY'S graduates bring to their work 10% more efficiency," is the way they generally put it.

CONSTANT DRIPPING WEARS AWAY STONE

One drop of water doesn't have much effect on stone. But everybody knows the wearing effect of repeated drops on the same stone.

The same is true of your sales letters. One of them may make quite a "splash"; if the "stone" is especially soft or if the "drop" coming especially forcibly it may make quite an impression. But practically no "stones" can withstand the continued hammering of a series of well-timed letters.

When planning your sales promotion material keep the value of this repetition idea in mind.

Ask us how this repetition can be most effectively and economically worked out.

L'Histoire de la Croissance de la Cité de Hull

La Cité de Hull, la troisième Cité de la Province de Québec par son étendue, sa population et son importance, est située immédiatement à l'ouest de la Cité d'Ottawa dont elle est séparée par la rivière Ottawa et reliée à cette dernière par trois ponts. Sa population actuelle est de

34,655

dont 32,797 Canadiens-Français et 1,579 d'origine anglaise et la balance se compose d'originalité étrangère. Le tableau ci-dessous démontre l'augmentation de sa population depuis 1884 ainsi que l'évaluation immobilière durant cette période.

Année	Population	Evaluation
1884	7,609	\$ 1,679,030
1900	11,887	2,229,135
1907	14,520	4,349,163
1914	19,929	9,429,542
1915	20,257	10,469,103
1916	22,190	11,603,511
1917	25,425	12,444,776
1918	28,392	13,369,903
1919	30,536	13,800,399
1920	32,766	15,918,425
1921	33,672	16,772,282
1922	34,655	22,446,960

Parmi les industries en opération dans la Cité les principales sont:—Les immenses usines de la E B Eddy Co., Ltd., manufacturiers de pulpe, papier, alumettes, etc., cette industrie date de 1854; Canada Cement Company; Canadian Packing Company; Hull Iron & Steel Foundries Ltd.; Sparks-Harrison Ltd., manufacturiers d'habits; Hanson Mills, manufacturier de lainages; et plusieurs autres. La plus grande partie de la population est employée dans ces diverses industries.

Les conditions de transport par chemins de fer et par eau sont idéales. Il importe de remarquer que comme centre industriel la Cité de Hull ne le cède en rien à la Cité d'Ottawa, la cité sœur. Il y a abondance de pouvoir électrique à bon marché. La main d'œuvre ne fait pas défaut et les grèves sont inconnues. Le quartier numéro UN situé à l'extrémité ouest de la ville se développe d'une manière constante et progressive depuis une dizaine d'années; il est appelé à devenir le centre résidentiel de la Cité. La compagnie de tramways Ottawa Electric a un terminus à Hull via le pont des Chaudières il y a aussi la compagnie de tramways Hull Electric qui relie Ottawa, Hull et Aylmer, Que., en suivant le cours de la rivière Ottawa.

Hull se trouve aussi située à peu de distance de la chaîne des Laurentides renommée pour ses lacs poissonneux et l'abondance de gibier de toute sorte dans les forêts environnantes, ce qui fait les délices des nombreux touristes qui passent par Hull pour se diriger vers ces montagnes de la Gatineau.

Il y a quatre églises catholiques et deux protestantes; la Cité de Hull ne peut faire autrement que d'augmenter d'une manière progressive et offre l'opportunité aux industriels de s'établir dans ses limites.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may from time to time be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

Standards of Practice

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
